Lamplighters Music Theatre is thrilled to present a very special fundraiser performance of COX and BOX, starring none other than Robert Picardo of Star Trek: Voyager fame in the role of Cox!

Burnand and Sullivan's one-act comic operetta, "COX and BOX or, The Lost Brothers" was Sullivan's first successful operetta, written BEFORE the team of Gilbert and Sullivan.

The event is to be held at the Marines' Memorial Theatre on Saturday, April 13th at 2:00pm, with the added option to join a special VIP Meet & Greet Reception after the show!

With over 247 TV and film credits including The Wonder Years, The Golden Girls, E.R., Grey's Anatomy, Frasier, The Mentalist, and 168 episodes of Star Trek: Voyager in the role of The Doctor — when it comes to Robert Picardo's illustrious acting career, it's almost easier to start with which popular television series he hasn't been featured in!

All of the performers and instrumentalists in COX AND BOX have graciously donated their time to this once-in-a-lifetime event — meaning every dollar spent goes towards sustaining Lamplighters Music Theatre and its important cultural legacy in San Francisco Bay Area theatre.
